

# We are Wood Group.

Wood Group is an international energy services company with around \$6bn sales and operating in more than 50 countries. The Group is built on shared Core Values and provides a range of engineering, production support and maintenance management services to the energy and industrial sectors worldwide.

# We are experienced.

With a strong network of multi-skilled experts, we pull all of our capabilities together for integrated delivery across our service lines:

- Projects & Modifications
- Operations & Maintenance
- Industrial Services
- Pipeline Services
- Decommissioning Services
- Subsea
- Automation & Control
- Asset Integrity Solutions
- Clean Energy
- Digital Solutions
- Studies

Our exceptional engineering heritage and outstanding experience means we provide smart technical solutions which create and sustain value for our customers.

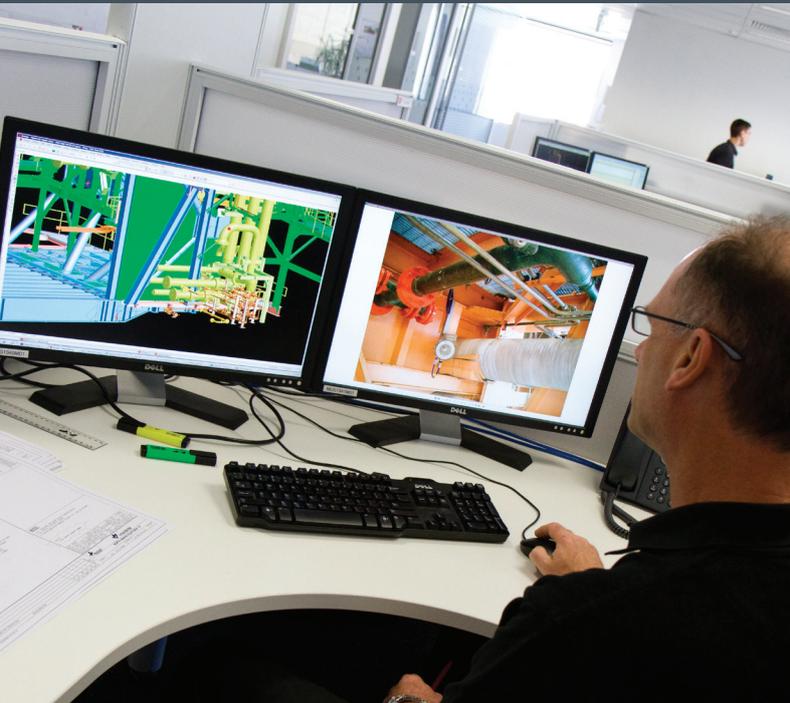

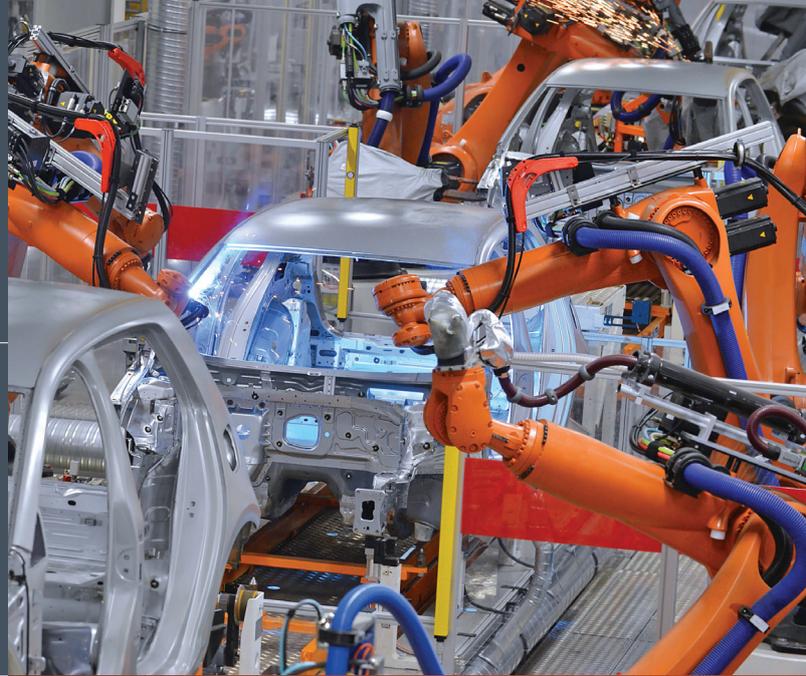

# We are safe.

Safety will always be our top priority, lives depend on it. We are committed to preventing injuries and ill health so everyone, everywhere, every day returns home safely. We are focussed on assuring the safety of everything we design, construct, operate and maintain. In all aspects of our operations we aim to be a safe pair of hands.

# We have a world class reputation.

We work in energy, process, utilities and industrial markets around the world. Our experience helps our customers get better performance over a longer period, whatever the asset.

# We are innovative.

Helping our customers perform in the most challenging environments, we've designed...

- topsides for more floating production facilities worldwide than any other company
- some of the world's deepest production platforms
- the strongest moorings
- the world's largest semi-submersible gas production facility
- over 600,000km of subsea pipeline
- some of the longest and deepest offshore pipelines

# We are where you need us.

Our experience delivers. With a network of experts across the globe we're ready for the next challenge.

# We are diverse.

Through our reliable and innovative support we...

- help supply water to the people of Melbourne
- helped install one of the world's tallest wind turbines
- help maintain the UK energy supply
- unlock the potential of remote developments
